PROFILE

UX design learner with a Google UX Design Certificate and hands-on website experience. Uses Figma, responsive layouts, and client feedback to make information and inquiry paths easier to navigate. Brings experience coordinating projects, training teammates, and adapting to changing priorities.

SKILLS

Design: Figma, Adobe XD, Photoshop, Illustrator, Rive; wireframing, prototyping, responsive design

UX foundations: Empathy mapping, personas, ideation, usability studies, accessibility

Web: HTML, CSS, JavaScript, Wix, Webflow; website testing and maintenance

DESIGN EXPERIENCE

Mayflower Childcare | Website Coordinator | June-September 2025

- Planned a daycare website to build trust with prospective families and guide visitors toward contacting the center for more information.
- Redesigned the mobile layout based on client feedback; identified with the client that the inquiry call-to-action was less prominent on mobile than on desktop.
- Added a persistent bottom banner to keep the inquiry action easily accessible as visitors browsed the mobile site.

Exceptional Learning & Arts Academy | Webmaster | December 2022-December 2023

- Designed and maintained interactive website pages to help prospective families explore school offerings and submit inquiries.
- Created responsive layouts with consistent branding; collaborated with staff on internal testing and design reviews.
- Reviewed website traffic and inquiry submissions to understand engagement; tested functionality and addressed issues before deployment.

Mobile App Design | Google UX Design Certificate Course Project | 2023

- Designed a fictional school app concept and prototype in Figma and Adobe XD; practiced UX research and incorporated feedback with attention to simplicity and usability.

ADDITIONAL EXPERIENCE

Volunteer Religious Minister - Property Technician | September 2025-Present

- Coordinate month-long property-care projects, train new volunteers on procedures, and check completed work for quality.
- Adapt work methods and priorities in response to constructive feedback and changing requests.

Freelance Event Planning | Part-time | January 2019-January 2023

- Collaborated on in-person and virtual events, coordinating timelines, invitations, and decor; adjusted plans based on client feedback and evolving requests.

EDUCATION & TRAINING

Google UX Design Certificate | Coursera | June 2023

Training in user research, empathy mapping, personas, ideation, usability studies, and accessibility.

Per Scholas - AWS re/Start Program | October 2023-February 2024
